Re: ACME Fire and Safety

I am writing as a reference for ACME Fire & Safety and the services they provide for McDonald's Restaurants of Canada.

ACME have been providing exemplary service to our locations for many years. ACME's strategic partnership and alliance with McDonald's Restaurants has enabled us to be a leader in our industry for fire suppression systems.

ACME's policies and procedures, combined with an industry leading service guarantee, has been vital in ensuring our restaurants are able to effectively manage their locations, and has allowed us to build a long term relationship. A cornerstone to ACME's commitment is their "service excellence" model. They have repeatedly demonstrated a willingness to commit resources over and beyond the normal scope of what would be expected to ensure we were ultimately satisfied at a local and national level.

If you have any further questions please do not hesitate to contact me directly.

Sincerely,

Ryan Hildebrand
